BUSINESS NETWORK

From our plant in Casalecchio di Reno, Italy, to... worldwide!

VISION

Starting from our constant research and focusing on innovation, our goal is to provide patients and doctors with the greatest comfort in terms of ergonomics, quality, accessibility, hygiene and functionality, as well as aesthetic, tactile and visual pleasure.

MISSION

Our aim is to conceive, study, design, and manufacture technically advanced dental and medical chairs and stools, combining tradition and craftsmanship with innovation and technology for the utmost of our customer satisfaction.

VALUES

Intellectual honesty: integrity, coherence and loyalty are the core values of our philosophy.

Environment friendly: HCFC-free polyurethane systems, so no emission of harmful hydrofluorocarbons during our production process.

Human resources: involving and enhancing people capabilities, because we grow together as an efficient team.

HISTORY

It was 1966 when Gino Lenzi decided to develop his ideas and move the first steps of Tecnodent's manufacturing activity in a garage in his home town, Bologna.

Still today Italian tradition and craftsmanship expertise are the foundation of Tecnodent's capability to design and manufacture innovative products devoted to the specific dental and medical market needs.

INNOVATION

Each single day we invest in research, new design systems and manufacturing technologies in order to create innovative solutions, both functional and attractive.

At the same time we provide our customers with our renowned expertise in conceiving exclusive solutions according to their specific strategy.

EXPERTISE AND KNOWLEDGE

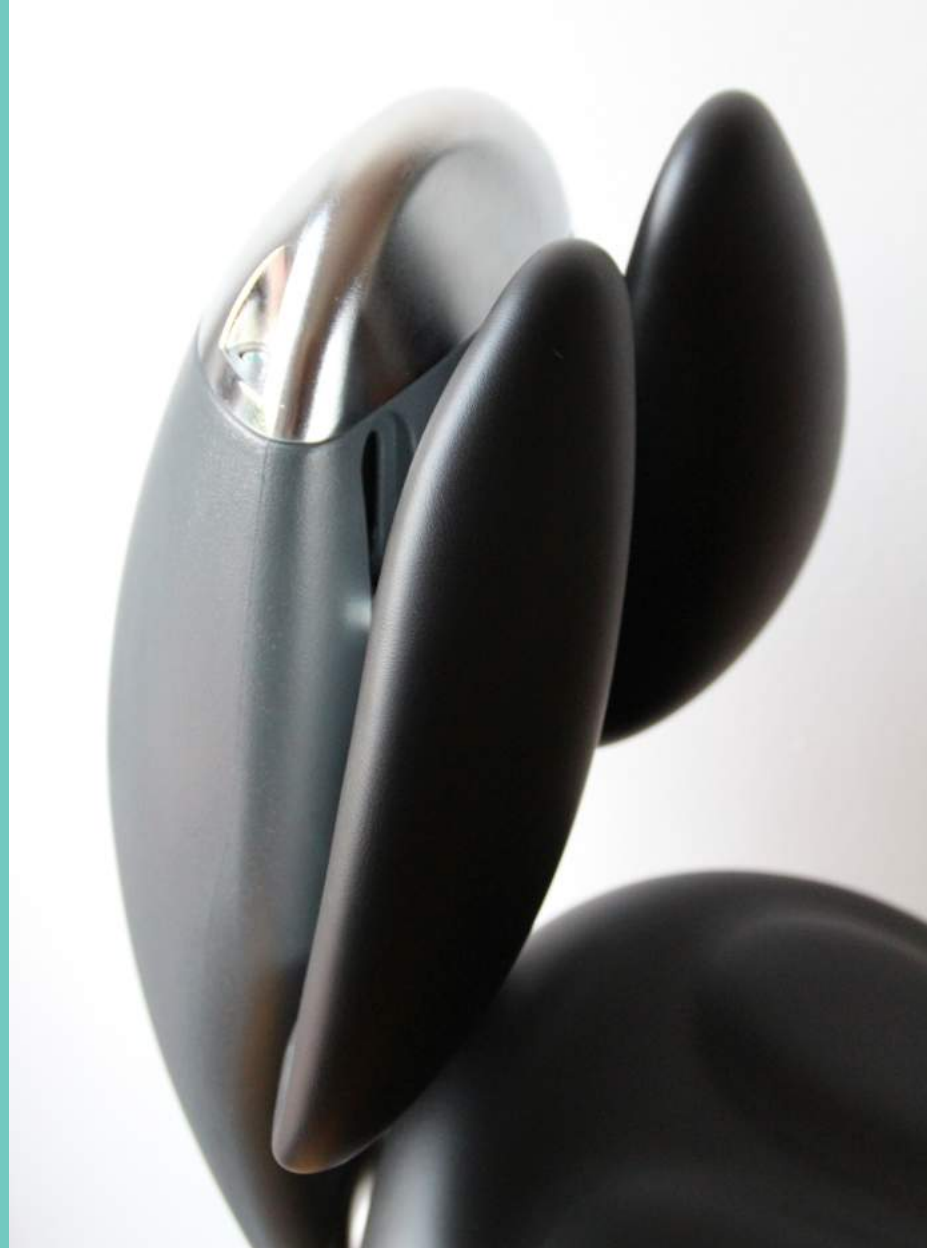

Pioneers in molding structural, flexible and integral polyurethane: in 1982 we were the first to succeed in producing seamless upholsteries.

Our constant researches on materials enabled us to be successful in moulding also memory foam, for the outmost doctor and patient comfort.

FOCUS ON DETAILS

Our products are the perfect combination between strong know-how, hand-craftmanship, refined materials and futuristic design.

PASSION

Enthusiasm for our work is reflected on our products care.

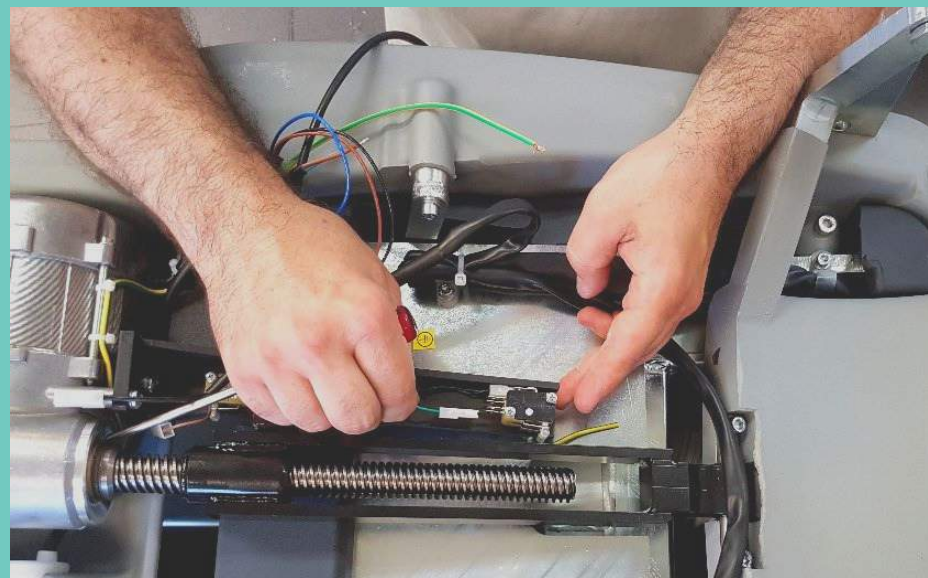

PRODUCT CUSTOMIZATION

According to our craftsmanship expertise, we can make your dreams come true.

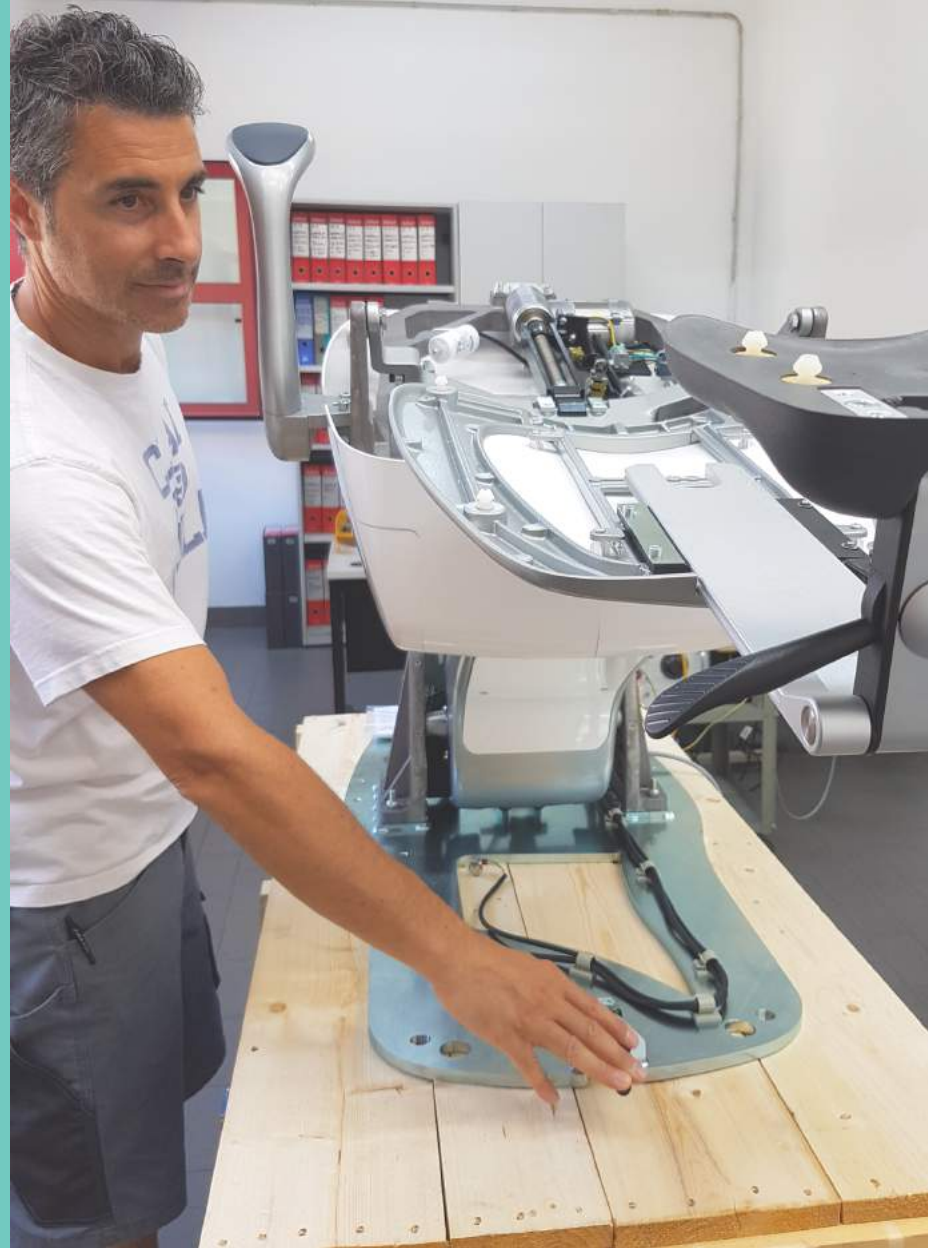

TECHNOLOGY AND QUALITY CONTROL

Every single product undergoes strict quality inspection during each specific production phase: from assembly to packing, passing through product testing.

QUALITY CERTIFICATION

UNI CEI EN
ISO 1384:2012
ISO 9001:2008

HYGIENE

Antifungal and antimicrobial fabric,
seamless moulded upholsteries,
hands-free product features.

ERGONOMICS

Our products have been studied with
dedicated specialists to fit the human
body and its cognitive abilities.

DESIGN AND CHROMOTHERAPY

Love for beauty, talent and passion of our team allow us to create unique product combinations: elegant shapes, innovative materials and exciting colors stimulate imagination and ideas for better custom solutions.

TECNOCARE®

The new medical division of Tecnodent® specialized in developing top-class high customized patient chairs, treatment tables and operator stools, based on a long time renowned expertise.
